### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the prior art fails to disclose, in combination with all the limitations, a power control device specifically for a construction machine in which an actuator is adapted to be driven by the engine and disclosing an engine stopping means for stopping the engine automatically when it is not necessary to drive the actuator and further having an engine power necessity determining means and the air conditioner (a/c) operation determining means for detecting if the a/c is in operation or not and an air conditioner operation maintaining means for maintaining at least a state of minimum operation of the air conditioner when the a/c operation detecting means detects that the a/c is in operation and even when the engine power necessity determining means determines that the power is not necessary.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Julio C. Gonzalez whose telephone number is 571-272-2024. The examiner can normally be reached on M-F (8AM-5PM).
